OTHER COMMENTS/CONSIDERATIONS: \_\_\_\_\_

Material Depreciation will be evaluated on a case by case basis. Repairs that have been principally completed by January 1<sup>st</sup> will not be considered for assessment reduction. Any assessment reduction that may occur resulting from Storm Damage will take effect as of January 1, 2013. However, your 1<sup>st</sup> and 2<sup>nd</sup> quarter tax payments will remain as previously billed. Questions in this regard should be directed to the Municipal Tax Collector.

If an assessment reduction is granted due to material damage from the storm, the property will likely be subject to a future ADDED ASSESSMENT upon completion of the restoration work. The Added Assessment will be pro-rated beginning the 1<sup>st</sup> of the month following completion of the work. A separate Tax Bill is generated by the Tax Collector for Added Assessments in October.
